What is The Alpha Initiative?

According to the National Center for School Engagement, there are three areas of emphasis that are key to the success of all students, but, most specifically, students who are at-risk of not attending school on a regular basis: ATTENDANCE, ACHIEVEMENT, and ATTACHMENT. It is our firm belief that we have a solemn responsibility to provide the best possible opportunities for success to each and every student in our district. Our mission is simple: We are here to help kids, no matter what!

ALPHA INITIATIVE PROGRAM OFFERINGS

Student/Family Needs Analysis

We will meet with students and families to identify factors that may be interfering with student attendance. We do this on campus as well as in-home as needed.

Barrier Removal Services

Upon analysis, we work with students and families to develop success plans to maximize student attendance by helping students to remove barriers keeping them out of school.

Referral To Outside Agencies

If the need arises, we can make referrals to such outside agencies as Aliviane, YWCA, Project Bravo, Lee and Beulah Moor Home, US Border Patrol Project REAL, EPCC, and other organizations.

Truancy Court Liaison Services

We provide dedicated JP Court Student Advocacy services including monitoring of attendance contracts and court orders for truancy and attendance increase.

Student/Parent Presentations

We are able to plan and deliver large and small group presentations on topics including compulsory attendance, court procedures, anti-bullying, gang intervention, college readiness and self-esteem, to name a few.

45 Day Anti-Truancy Plan Services

We serve as resources for application of Texas Education Code requirements for 45 Anti-Truancy Plans for students and families including early intervention services.

Graduating Senior Services

We can assist in providing services for graduating students such as college applications, FAFSA and assistance with registration.

Student Level Intervention

We can work with Tier 2 and Tier 3 students on attendance, grades, discipline, academic or campus barriers and complications as well as home issues that interfere with achievement.

Mass Outreach

We can conduct campus level meetings for targeted audiences for attendance increase such as signing parents up for Parent Portal.

Real Time Data Monitoring

We monitor campus attendance rates daily and can assist campuses in developing short and long term attendance increase plans.

Alpha Team Operations

If campuses have specific needs, we can provide ENTIRE TEAM involvement for targeted operations in attendance, data, and other needs.

Residence Verification

We provide investigative and home visit services to determine a student's place of residence for enrollment purposes.
