

OUR MISSION

Transmountain Early College High School will provide students the opportunity to earn both a **STEAM**-focused high school diploma and a two year Associate Degree, earned through El Paso Community College, within four years.

OUR VISION

ALL Transmountain Early College High School graduates will have the skills and confidence necessary to transition successfully to a 4-year university, military service or a career in their chosen field.

OUR CORE BELIEFS

Transmountain Early College staff believe that if students are provided with an enriched environment that integrates: (1) a strong curriculum and lesson delivery, (2) the removal of barriers to program access, (3) strong learning supports and interventions, and (4) instructors that are experts in the content (5) a close knit culture forming an environment of acceptance that ensures the success of students both in and out of the classroom; each student will be able to reach his/her maximum potential.

ADVANCED OPPORTUNITIES

- **INPIRESS Team:** Works in partnership with University of Alabama-Huntsville, providing the opportunity for high school students to develop and design a scientific payload to be accommodated on a spacecraft, which is then designed by undergrads in UAH.
- **On-Ramps Geo Science:** Providing students with University science credit through UT Austin.
- **Mu Alpha Theta:** College level math club allowing students to dive into deeper level mathematics not addressed in high school level mathematics.
- **Engineer Your World:** Program partnership with UT Austin Cockrell School of Engineering, providing students with opportunities to work with NASA and explore engineering.

Transmountain Early College High School

Home of the Mighty Mavericks!
