

## CORONADO HS STAAR EOC TESTING 2021

Paper tests are limited and only for students who have been contacted by Coronado HS. All other students test on campus, on-line during the ONLINE testing dates. Students are contacted via school email about tests they will take and the dates.

Students are required to pass STAAR EOC exams as part of high school graduation requirements. STAAR EOC assessments are required by law to be offered this year. We encourage all students to participate. Students who are scheduled to test but choose not to during Spring administrations will still need to take these exams during future administrations. These opportunities may include, but are not limited to, summer and fall EOC administrations.

STAAR EOC tests must be administered on campus in a monitored setting. All CDC safety guidelines will be followed, to include temperature checks, required mask wearing, and social distancing.

**Students who will be testing and have been issued district electronic devices should bring these along with their chargers.**
