2:00-3:00	3rd Period
3:00-4:00	4th Period

Wake up, make your bed, eat breakfast and get ready for a great day! And yes, change out of your PJs. 😊

Academic Time

During academic times, you will log on to Schoology. Be on time. While there, teachers will take attendance, teach lessons using conferencing software, assign work and post any extra materials they want you to use. Brush your hair; you may be asked to use your camera.

Tutoring

Teachers will be available for tutoring during office hours on Monday, Wednesday and Friday.

Creativity & Wellness

Make some time, before or after school or during your long lunches, to do something that brings you joy. Work on your favorite hobby, play with your family, host internet conferences or games with your friends, find workouts to do on YouTube, or just spend a little time outside.

In order to take care of each other, we must take care of ourselves.
