Coronado High School celebrates completion of \$68.3M transformation to foster student success

(EL PASO INDEPENDENT SCHOOL DISTRICT – May 10, 2024) — Coronado High School will welcome district and city leaders to mark the completion of a \$68.3 million construction project that significantly enhances the 42-year-old campus during a ribbon-cutting ceremony at 10 a.m. Monday, May 13.

The campus enhancements are part of the \$668 million bond approved by voters in 2016. Over \$68 million has been invested in the addition of new classroom wings, parking facilities, a state-of-the-art field house, and numerous other improvements. Additionally, funds were allocated to revitalize the Coronado gymnasium and courtyard, giving them a fresh, modern look.

Other renovations to the West Side campus are athletic upgrades, including enhancements to the football turf, running track, and tennis courts. New lighting has been installed for the baseball and softball fields, enhancing the overall sporting experience for students and spectators alike.

Established in 1962, Coronado High School stands as one of 10 traditional high schools within El Paso ISD.

Members of the media are invited to attend.
