

Need Help to start/sign into your Schoolology Account??

If you can login to your computer then you know your username and password because it's the same.

If you cannot login to your computer then you need to call 915-230-6450

1. Be sure you are logging into episd.schoolology.com
2. Be sure you are adding the @episd.org to the end of your username
3. If you still can't login go to launchpad.classlink.com/episd. Login and look for the Schoolology tile

Still can't login? Call 915-230-6450 for more help.
