Step 4. You will receive a confirmation email confirming your user credentials. Click the link in the email to confirm your account. ***If you do not receive the email please check Junk/Spam folders***. After you click the link, you may login with your Username and Password.

Step 5. Once you're logged in you will be able to add your Student(s) to your account by selecting "Add a Student":

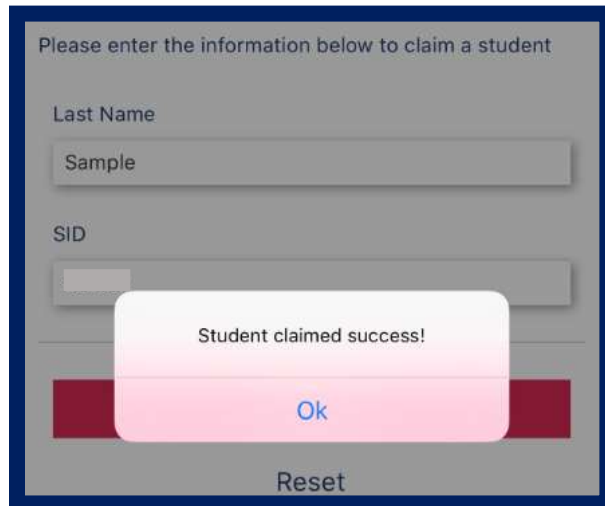

Step 6. Search for your State and School District

Step 7. Enter the information requested to add your child to your account and click "Claim". (SID: is the Student ID# assigned to your child by the district when they are first registered). ***Note: Information requested varies depending on the district***

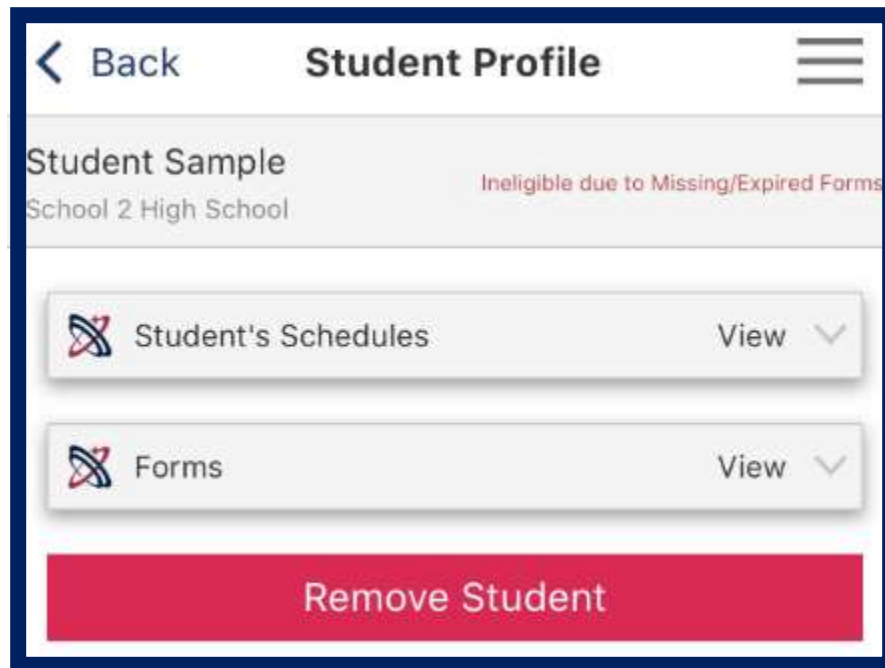

Step 8. You will receive a confirmation when your student has been added to your account. If you receive an error, please contact the school Athletic Department in order to verify the information is listed correctly.

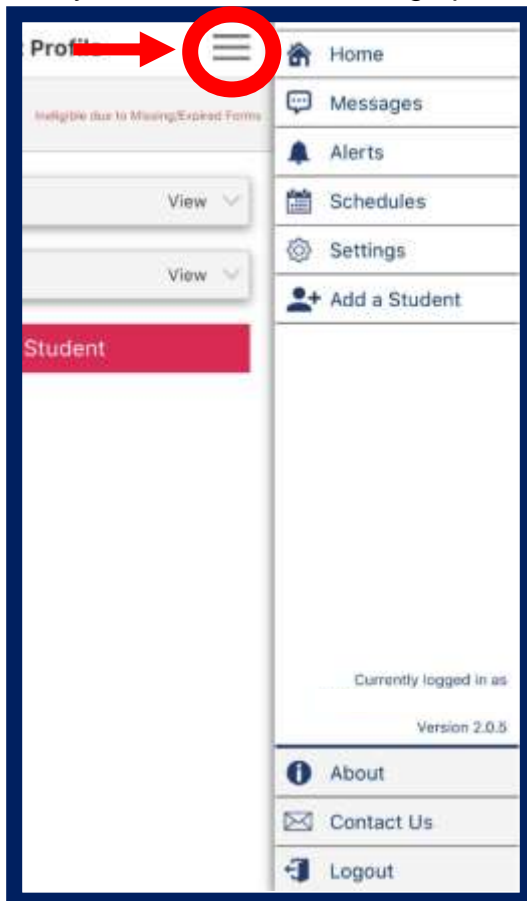

Step 9. Now that your student has been added to your account you may view their profile by clicking on their Name. To add another child to your account, select "Add a Student" and repeat the process for the next student.

Within a student profile you can review their Eligibility Status, see what form requirements are completed or missing, view the student's Schedule(s), or Remove the Student from your account. **Note: Schedules are automatically synced depending on what roster your student has been placed on by the coach.** If the schedule synced is incorrect you may search for the correct schedule in the menu or contact the school athletic department.

To view other options inside the App, select the menu bar in the top right-hand corner and you will see the following options appear:

Home allows you to view the Student(s) linked to your account
Messages will allow you to view all Messages sent by District Staff
Alerts will notify you of any Schedule Changes that have been made
Schedules allows you to search for specific Sports Schedules
Settings allows you to update your account preferences
Add a Student allows you to add another child to your account
