United Way, Community Schools partner to color *Segundo*

EL PASO, TEXAS — RISE, a group of volunteering millennials organized by the United Way of El Paso, will partner with EPISD's Community School initiative to bring some color – and school supplies – the schools and students of Segundo Barrio.

The Color their World beautification project will be from 8:30 to 11 a.m. on Saturday, Aug. 5, at Guillen Middle School, 900 S. Cotton. Volunteers are welcomed.

RISE members will spend Saturday morning beautifying the grounds of Guillen Middle School by planting trees and creating a garden. Students from Guillen and their families will join the 20- and 30-somethings.

Participants in the event also will be distributing school supplies to neighborhood children. The supplies were collected during a drive in July.

For more information please contact Simon Chandler at EPISD Community Schools at srchandler@episd.org or 613-7756.
