## **Ramos named EPISD Chief Information Officer**

EL PASO, TEXAS — Alice Ramos, a longtime school technology expert, has been named the El Paso Independent School District's new Chief Information Officer of Technology Services effective this week.

Ramos, who has served as interim chief information officer for several months, will lead the District's efforts in digital learning, telecommunication, information security and other tech-related initiatives.

"Alice has done an outstanding job of advancing the District's technology efforts during her role as interim," said Carmen Arrieta-Candelaria, EPISD's Deputy Superintendent for Finance and Operations. "She understands the goals and objectives the District has set for student and employee success. She and her team play a crucial role in attaining those goals."

Her appointment continues the District's efforts to modernize infrastructure and provide 21<sup>st</sup> century learning opportunities to students and teachers, which are goals set by the Board of Trustees and outlined by EPISD 2020 – the District's strategic plan.

Ramos has 20 years of experience in public schools and began her career as a computer literacy teacher in the San Elizario Independent School District. She served as coordinator and director of technology in San Elizario before arriving at EPISD.

She has a bachelor's of business administration in computer information systems from the University of Texas at El Paso.
